LAS VEGAS, NV – VS Enterprise from BriefCam won at the Security Industry Association's 2013 New Product Showcase (NPS), winning the Best of Video Analytics Award at the NPS awards ceremony at ISC West on Wednesday.

BriefCam Video Synopsis® is a patented image-processing technology for rapid video review that indexes back to the original footage in a single click. On average, 1 hour of video can be reduced to 1 minute of review time.

VS Enterprise provides Video Synopsis on-demand (integrated or embedded) for on-site investigation and proactive surveillance. VS Enterprise enables Video Synopsis coverage on 100% of all installed cameras. It is compatible with leading DVR/NVR/VMS brands and is embedded within Genetec, Milestone, OnSSI and others.

“Each year, the companies competing in SIA's New Product Showcase at ISC West present the leading-edge security solutions that are shaping the industry,” said SIA CEO Don Erickson. “These new technologies and solutions are the drivers that are moving the security industry forward, and I congratulate BriefCam on their win at this year's NPS.”

Since its inception in 1979, the NPS has been the security industry's premier awards-based marketing program. This year's NPS Program had 84 entries from 66 companies.

In addition to the Best New Product and Judges' Choice honors, awards were presented in 20 other product and service categories. NPS judges also presented seven honorable mention awards

The Security Industry Association (www.siaonline.org) is the leading trade association for electronic and physical security solution providers. SIA protects and advances its members' interests by advocating pro-industry policies and legislation at the federal and state levels; creating open industry standards that enable integration; advancing industry professionalism through education and training; opening global market opportunities; and fostering collaboration with other like-minded organizations.
